

ICSSST 2021

**8th INTERNATIONAL CONFERENCE ON
SOLID STATE SCIENCE & TECHNOLOGY**

"Emerging Trends in the Solid State Science for Smart Society"

**1st - 3rd
NOVEMBER 2021**

**VIRTUAL
CONFERENCE**

IMPORTANT DEADLINES

Abstract Submission Deadline:
~~15th AUGUST 2021~~ **31st AUGUST 2021**

Payment Deadline:
1st OCTOBER 2021

Full Paper Submission Deadline:
~~20th OCT 2021~~ **20th NOVEMBER 2021**

FEES

Participant	Category	RM	Participant	Category	USD
Local	Mass member	450	International	Participant	250
	Non-member	550		Student	200
	Student	400		Listener	100
	Listener	250			

CALL FOR PAPERS

TOPICS

Advanced Materials Synthesis
Crystal Growth Technology
Biomaterials
Carbon and Related Materials
Ceramic and Glasses
Electrochemical and Solid State
Lasers and Optoelectronics
Materials and Energy
Metals and Alloys
Devices and Materials for Biology and Medicine
Solid State Theory, Simulations and Computation
Photonic Devices and Optoelectronic Integration
Nanoscience and Nanotechnology
Optical and Dielectric Materials
Organic Materials and Applications
Polymers and Composites
Semiconductor and Devices
Superconductor
Thin Films and Nanostructures
Crystallography
Defence and Security
Other Solid-State Research

PLENARY SPEAKER

PROF. DR. CHUNG-JEN TSENG
Department of Mechanical Engineering
National Central University, Taiwan
"Low-Pt Catalysts by Laser Processing for PEM Fuel Cell"

KEYNOTE SPEAKERS

PROF. DR. HJ. KHUDZIR HJ. ISMAIL
Rector
Universiti Teknologi MARA, Perlis Branch, Malaysia
"The Impact of Covid 19 Pandemic on The Development of Renewable Energy in Malaysia"

PROF. JAMES L. MAXWELL
Director
Engineering Research, Engineering Dept.
La Trobe University, Australia
"A Review of Hyperbaric Laser Chemical Vapor Deposition for Next Generation 3-D printing of Three-dimensional Microstructures and Devices"

PROF. LEE D. WILSON
Department of Chemistry
University of Saskatchewan, Canada
"Biopolymer Composites and Studies of Their Adsorption Properties"
